<p>Dear Mr.Kesselman:</p> <p>I am enclosing the 1797/5 \$5.00 Gold piece for your inspection. If satisfactory, send me the coins you offered as per list received.</p> <p>I need the \$3.00 and some of the other dates to fill in my stock, but make sure the grading is correct, as I figured this deal on your grading and believe me it is very close...my buying price of your coins... to what I paid for this 1797/5.</p> <p>I personally feel that if the right party comes along this coin should sell for about \$6000.00 and well worth it, but right now, I would rather have the \$3.00 gold and some of the tough dates you offered me.</p> <p>Let me hear from you as soon as possible.</p> <p><i>Michael L. Dear Stan:

We have your letter of Feb. 3 and of course it is nice to hear from you again. In regards to the 1841-0 and 1883-0 ten dollar gold you would like to trade us, this will be in order with us providing that our man Harry Jones does not sell them. He is at two of the California conventions and will be back home next Tuesday. Should he call in, as he usually does, we will tell him to hold these two dates for you. In the meanwhile, why don't you write us on the denominations, dates and conditions that you want to trade. Make up a quick listing and then I will consider the deal beforehand for you.

Sorry that I don't have the 5.00 dates that you want but will keep them in mind for you and should we acquire them we will notify you at once.
